

# VISION NIGERIA — A Land of Promise

20191922

The day the road

INDPENDENCE comes to Nigeria, a country of vast potential, at a time of growing industrial development. In this The United Africa Company is playing a leading part. Whichever its special skills, experience and resources can be applied realistically to Nigeria's economic development the Company is quick to take the initiative, and already participates in a diversity of industries in all Regions.

The largest industrial unit in Nigeria, a sawmill, plywood factory and forestry organisation at Sapele, is wholly owned by the Company, as is a motor vehicle

factory, a bedding factory, a plastics factory and three cycle assembly plants. In

pre-stressed concrete construction plant; two breweries and three mineral waters

assembly plant at Appra. The Company is also joint owner of a cement works and a

These numerous enterprises afford striking evidence of the Company's faith in the

continuing economic progress of Nigeria... land of promise.
